

Hitesh Bhonkar

SOFTWARE DEVELOPER

Profile

Highly motivated and skilled Software Developer with experience in building responsive and user-friendly web applications using React.js and related technologies. Passionate about solving complex problems and dedicated to delivering innovative solutions. Seeking opportunities to contribute my expertise and grow professionally.

Employment History

Software Developer, Infocodec Solutions Pvt. Ltd., Pune

11/2022 - 05/2023

- Gathered user requirements and developed responsive and functional UI components using REACT concepts.
- Utilized libraries like e charts to develop customized chart components as per client specifications and seamlessly integrated them into applications.
- Demonstrated extensive expertise in building responsive, mobile-friendly websites using HTML, CSS, and JavaScript, with a strong command of React.
- Proactively identified and resolved technical issues in live projects, including optimizing website performance, addressing cross-browser compatibility challenges, and seamlessly integrating complex third-party APIs.

Programmer Analyst, Cognizant Technology Solutions Pvt. Ltd., Pune

02/2021 - 11/2022

- Analyzed user requirements and utilized REACT concepts to develop responsive and functional UI components.
- Developed the application interface code using JavaScript and React JS, based on provided designs and wire-frames. This resulted in a significant 30% reduction in page load time and a noteworthy 25% increase in user retention.
- Implemented Web Accessibility measures on the website and generated a comprehensive Light House Report.

Education

Computer Engineering, AISSMS Institute of Information Technology, Pune

06/2016 - 11/2020

Reward

Got Awarded by Cognizant for Code Optimization as well for giving Web- Accessibility to the website.
